Dear Paul,

I just wanted to let you know that I am very pleased with the investment property I purchased last month in Glebe which was made possible with the hard work you put in over the past 4 months.

I did appreciate the phone calls and e-mails keeping me up-to-date and also receiving my phone calls at various times. It would have been virtually impossible seeing I live in Qld. to purchase a property in Sydney and know that all the checks and balances are done.

After a query from a friend as to how I went about the purchase, I had no hesitation in recommending EPS Property Search. You knew from the first meeting what I was looking for and recommendations were spot on.

Thanks again Paul.

Kind regards,

Loretto McDonald
