Hi Patrick,  
This is a quick follow up and a Thank you note to you and your team.

I've been going through my paperwork to wrap up the year and realized it's been almost a year since we purchased [REDACTED] through EPS.

Out of the investments we made in the past year, I must tell you that the investment we made through your services has been one of the best.

During the purchase period, you guys were great and easy to work with. We found the property we were looking for within 2 months of working together.

Since the purchase, I must tell you that Shirley has been fantastic in giving us the support and the care needed in maintaining the property.

As I've said to you before, you guys have certainly lived up to your motto ☺ and you certainly gave us our weekends back!!

Best of luck with the business in the new year.

Thanks,  
Vajira
